

Fekerman manufactures different modules worm & worm gears for automobile industry, farm machinery, vehicles, gearbox, etc.

Modules of Worm gears											
1.5	2	2.5	3	3.15	4	5	5.5	6	8	10	12

Application:

Agricultural machinery

Industrial equipment

Medical equipment

Automobile industry

Material for worm shafts: 42CrMo, 20CrMnTi.

Heat treatment: Carburizing, Nitriding.

Material for worm gears: CuSn10-1, QAI9-4.
